PRESIDENT

BEN SHELLY  
VICE - PRESIDENT

June 8, 2010

TO : ALL DEPARTMENTS AND PROGRAMS

FROM : *Vivian A. Begay*  
Vivian A. Begay, Fleet Coordinator  
Fleet Management Department

THRU : *Ben Manuelito*  
Ben Manuelito, Dept. Manager III  
Fleet Management Department

SUBJECT : Wright Express Pin Numbers

Fleet Management completed a review of employees with Wright Express Drivers identification numbers (DIN) and determined, DIN that have not been used in the past (5) years will be deactivated effective immediately. These DIN were issued as far back as November 2002, but NN employees have not used them since then, thus, there is no basis to maintain them.

Of course, we recommend NN Employees check with the nearest Fleet Management facility to ensure your particular DIN is active. NN Employees are responsible to keep such information current and advised to take appropriate action so that any planned travel is not hindered, concerning the deactivation of DIN by Fleet. If you should have any questions please call (928) 871-6426.
